WINNER

Sonneman — A Way of Light

At first glance, Robert Sonneman's Suspenders LED chandelier system appears to be an art installation. The modular design, available in 11 different configurations, has more expansion possibilities thanks to the advantages of LED over old-fashioned electrical wiring.

RUNNER-UP

Matthew Studios

Featuring a rock-crystal top and a polished-brass base (also available in polished nickel), the Bennett drinks table exemplifies the height of sophistication.

FINALIST

Cliff Young

Inlaid steel in a gunmetal finish makes the Nobu buffet's bleached- and stained-zebra-wood veneer that much sleeker-looking.

FINALIST

Barry Gorálnick

Why cover up a beautiful table with piles of books and ephemera? Show them off neatly within the Spencer cocktail table's artfully designed compartments.
