WINNER
Sonneman—A Way of Light
At first glance, Robert Sonneman's Suspenders LED chandelier system appears to be an art installation. The modular design, available in 11 different configurations, has more expansion possibilities thanks to the advantages of LED over old-fashioned electrical wiring.

RUNNER-UP
Matthew Studios
Featuring a rock-crystal top and a polished-brass base (also available in polished nickel), the Bennett drinks table exemplifies the height of sophistication.

FINALIST
Cliff Young

FINALIST
Barry Gorálnick
