Opposite: In response to her clients' request, Bikoff had silver leaf applied to the ceiling of the master bathroom over the existing bathtub; the glamour continues with chunky 1970s sconces from 1stdibs. The antique African rug is from ABC Carpet & Home.

Below: A custom wood-and-brass canopy bed by Uhuru Design is the focal point of the master bedroom. The bedside tables are by Theodore Alexander, and the mirrors are by Arteriors. White Kelly Wearstler tub chairs sit next to an agate-stone table by Matthews Studios.
